KEY ANALYTICAL FINDINGS

- Subscriber activity increases from 1,167 in January to 2,549 in March.
- Monday is the lowest-consumption day at 974 viewing sessions; Saturday is highest at 1,655.
- Afternoon is the strongest viewing period at 3,160 sessions, followed by evening at 2,999.
- Live Events is the highest-volume channel at 1,771 sessions, followed by ICC Cricket World Cup 2011 at 1,465.
- Young Adults account for the largest viewing segment at 5,989 sessions.
- Gauteng has the largest viewing volume at 3,654 sessions.
- Average viewing duration differs substantially by channel, so volume and engagement should be analysed separately.
